

METAL TIGHT HEAD PAILS

APPLICATIONS

Flavors, fragrances, beverages, paints, adhesives, additives, chemicals, solvents, and other applications.

COLORS

Black, gray, and white are common colors. Custom colors are available upon request.

SIZE	MATERIAL	GAUGE	UN RATING
5 gallon	Steel	26	UN1A1/Y1.6/200

SPECIAL FEATURES

Non-removable top is ideal for products that need a higher UN rating. The round design allows them to be easily stackable to optimize storage space. Lining options are also available to ensure product composed of aggressive materials do not leech through the container. Each tight head includes a strong steel handle. Fittings are not included, but a variety of options are available.
